This scheme, therefore, will support MSMEs in provisioning of Infrastructure for their development through following 2 components:

(a)	Scheme of Funds for Regeneration of Traditional Industries (SFURTI).

These components are having objective of providing infrastructure facilities for growth of MSMEs.

- iv. To equip traditional artisans of the associated clusters with the improved skills and capabilities through training and exposure visits;
- v. To make provision for common facilities and improved tools and equipment for artisans to promote optimum utilization of infrastructure facilities;

Substantial focus should be on the buyer segment that places a premium on natural, eco-friendly, ethically sourced and the uniqueness of the Khadi and Village and Industries products.
- xi. To develop specific product lines out of the currently offered diversified basket of heterogeneous products based on the understanding of the target consumer segment. A brand unification exercise also needs to be done to maximize the value.
